

LEGISLATIVE SLATE GOES THROUGH TO VICTORY WITH BANG

(Continued From Page 2)
The committee declared the following duly elected and qualified to take their seats as members of the house:

Members of the House
First representative district: N. K. Lyman, E. de Silva, B. H. Kelekohe and J. Leal.

Second representative district: H. L. Holstein, H. L. Kawewehi, E. K. Kana and G. K. Kawahs.

Third representative district: A. F. Tavares, E. Wainohu, John Brown Jr., M. J. Paschoni, Levi Joseph and J. J. Walsh.

Fourth representative district: C. H. Cooke, L. Andrews, J. K. Jarrett, T. H. Petrie, G. P. Wilder and Charles N. Marques.

Fifth representative district: E. K. Fernandez, D. M. Kupheh, J. Kalana, W. F. Moosman, W. E. Miles and Robert Ahnau.

Sixth representative district: J. K. Lota, J. K. Kula, J. C. de Jerves and C. H. Wilcox.

On motion of Holstein the report of the committee was adopted. Following the initial prayer of the chaplain, Rev. L. B. Kamehewi, the roll was called for the first time, all members being present and answering to their names. On motion of Holstein the credentials committee was instructed to wait upon the chief justice and inform him that the house was ready to have the oath administered. This ceremony was performed after a brief recess.

Holstein Chosen Speaker
Then, for the sixth consecutive session, H. L. Holstein was elected speaker of the house. He was escorted to the platform by Representatives Cooke and Miles and made a short address.

"I desire to thank the members of the house," he said, "for the honor they have bestowed upon me in elevating me to the chair for the sixth consecutive time. I look upon it as an endorsement of my past services. I shall endeavor to preside with fairness to both parties and to all individuals. On the other hand, I must ask the charity of the members of the house toward me, and urge upon them the necessity of prompt attendance, not only at sessions of the house but upon committee meetings."

"The legislature of 1917 faces no great new territorial problems, but there is plenty of work ahead. The main demand of the people is for legislation that will aid in the transaction of public business in a more efficient and economical manner."

"I want to congratulate the people of Hawaii, as I look upon your bright, open faces, on having such an intelligent and efficient body of men in the house, who will, I know, do their utmost to give the people of Hawaii prosperity and happiness."

Wait On the Governor
Cooke offered a resolution that a committee of three be appointed to wait upon the Governor and inform him that the house was organized, and ready to receive any communication he might wish to send down. A committee consisting of Cooke, Wainohu and Moosman was appointed. After a short recess Cooke reported verbally that the Governor had said he wanted to address both houses in joint session at five o'clock.

The speaker directed the clerk to read a cablegram from Delegate Kahalo. It was addressed to the speaker and read:

"Would urge legislature appropriate \$40,000 for congressional party."

House Organization
Officers were then elected, the full list being as follows:

LOCAL MERCHANT BUYER OF PICTURE

Painting of Yosemite Valley By Best To Hang In Store Here

Another large canvas has been sold from the collection by H. C. Best now on exhibition at the University Club. It is the largest painting of Yosemite Valley which Mr. Best has included in his showing, and after "Ophelia" and "Innocence" is perhaps the most ambitious of the canvases now on display.

The subject of the picture is a comparatively new view of the famous Cathedral Rocks, the Half-dome and other familiar peaks are visible in the blue distance. It has been purchased by a local merchant, who is planning to hang it in his store, which will be remodelled with a view to giving the painting the most effective display. It will be a permanent feature of attraction to the store's visitors.

More than half of the pictures now hanging on the walls of the University Club have been sold, and will remain as the treasures of various private collections here at the close of the exhibition. Until that time they can be viewed at the club each day and evening. The exhibit will close Saturday evening.

MAUI JANITOR FUND IS NOW AGREED TO

The Wailuku Maui News of last Friday says:

The new apportionment of the fund for janitor service for the county schools, as agreed upon by School Commissioner Lindsay and Supervising Principal McCluskey, was approved by the board of supervisors last Saturday. The new plan will give more money to the small schools and cut down the former allowance of the several large schools.

JOHN BROWN ALEXANDER

John Brown Alexander, well known over the Islands, died yesterday morning. He was found dead at his home on Wilder Avenue. His death was due to apoplexy. Mr. Alexander was sixty-four years old, retired and is believed to have left a considerable estate. He was a great student of Latin and Greek and in the last few years has devoted much of his time to the study of Egyptian writings. He lately returned from a tour in parts of Europe.

MRS. SAMUEL E. ROSE

Mrs. Avis L. Rose, wife of Samuel E. Rose of 1317 Piikoi Street, died yesterday morning at her late home, following a brief illness. The funeral services were held yesterday afternoon at three o'clock at the residence. The body being cremated afterward. The ashes will be buried at ten o'clock this morning in Nuanuu Cemetery. Mrs. Rose, who was sixty-nine years and three days old, was born in Littleton, Connecticut, and resided in these Islands many years.

Henry Gorman, manager of the Kauai Trading Company, Kolon, Kauai, died yesterday morning at eleven o'clock in The Queen's Hospital following a short illness. He came here from the Garden Island only a week ago for treatment. Funeral arrangements will be announced later, awaiting word from the mother of the deceased, who resides in San Francisco. Gorman was well known from one end of Hawaii to the other. For a quarter of a century he was a traveling salesman, popular among his fellows and well liked in the business community. He was a native of Boston, Massachusetts, and fifty-four years old.

organized and ready for business. An other communication, from the Governor, was read acknowledging receipt of the report upon the organization of the house.

A lengthy communication was received from Mayor John Lane of Honolulu reporting upon the municipality for the biennial period, and suggested what he considered needed legislation. On motion of Cooke, the title and the last paragraph were read and the communication referred to the printing committee.

Miles introduced the usual resolution asking the secretary of the Territory for copies of the session laws of 1915 for the members. The gates were then opened for the introduction of bills the rules being suspended so they could pass first reading by title. No less than sixteen were introduced, most of them by Da Silva of Hilo. The first bill, as usual, which was introduced by Cooke, chairman of the finance committee, was to appropriate money to pay the expenses of the session.

Wainohu distinguished himself by getting in with the second bill, which was to raise the salaries of road laborers and other laborers on public works to a minimum of two dollars a day.

City Charter Bill
The most important bill introduced was by Andrews, providing for the incorporation of the city of Honolulu and for a charter for it. This lengthy measure is expected to meet opposition, as to some of its provisions, by some members of the Oahu delegation. The outside members profess not to be interested in it and to be willing to let Oahu do as it pleases in the matter.

A resolution was introduced by da Silva, and adopted, fixing the salaries of the officers of the house as follows: Clerk, ten dollars per day; assistant clerk, ten dollars; sergeant-at-arms, six dollars; messenger, five dollars; janitor, four dollars; chaplain, \$250 for the session.

Lota offered a resolution to appoint James K. Hakala interpreter for the house. This was not according to program, and the speaker promptly squelched it by referring it to the rules committee.

senate pass on the resolution at that time, suggested that in such a matter of international importance it would at least be well to furnish the senators with typewritten copies of the resolution. He, for one, would like to study it carefully. Senator Makekau thought it might well be deferred till Saturday. By that time, he remarked, typewritten copies could be made. Senator Cony moved to table until carboys were forthcoming. Pacheco temporarily withdrew the measure. It will be taken up tomorrow.

\$40,000 For Entertainment

During the afternoon session Senator Shingle introduced a bill calling for the appropriation of \$40,000 for the entertainment by the Territory of United States congressmen or other distinguished visitors to Hawaii prior to the last day of July of the present year. The bill has reference to invited visitors only, and covers the proposed visit of congressmen in March and April.

Prohibition Measure

Shortly following the opening of the afternoon session, prior to the senators joining members of the house in the hall of representatives to hear the Governor's message, President Chillingworth took the floor, with Vice President Makekau in the chair, to launch a bill calling for prohibition of intoxicants in Hawaii. The bill, which passed first reading by title, and will come up for second reading and reference to a committee tomorrow, is sweeping in its intent, prohibiting the sale, or exposing, keeping or offering for sale, or soliciting or receiving orders for the purchase or sale of intoxicating liquors. "Manufacture" is not referred to except as manufacture may be prohibited by inference.

By "intoxicating liquor," as used in the bill, is meant all spirituous, vinous, malt or fermented liquors, and all beverages in which may be found any percentage of distilled spirits, spirits, alcohol and alcoholic spirits as defined by the United States laws, and any sake, beer, lager beer, ale, porter and malt or fermented or distilled liquor.

The prohibition includes any corporation, joint stock company, individual or individuals, acting or being singly or together as a partnership, club or association of any kind whatsoever. The only exception allowed is that the bill, if it is enacted into law, shall not apply to a duly licensed pharmacist making sales upon prescription or order of a physician duly licensed to practice medicine in this Territory.

Violation of the proposed act will be considered a misdemeanor and made punishable by a fine not exceeding \$1000, or by not more than a year's imprisonment, or by both. It is proposed that the act shall take effect on December 31, 1917.

Two Bills Having to do with the Laboring Man were introduced yesterday.

One, by Senator Pacheco, requiring that not less than two dollars a day be paid all labor employed on any work done on or authorized by the Territory, or the counties, or the city and county of Honolulu. The bill calls for the proposed act's effectiveness on July 1 of this year.

The second labor bill was introduced by Senator Desha, aiming to amend sections 157, 160 and 162, Chapter 18 of the 1915 revised laws. It is a citizenship requisition and demands that all officers, deputies, clerks, interpreters, police, laborers and others in the employ of the territorial or county, or city and county government, shall be citizens, except in cases where labor is needed and it is not possible to secure citizens, which is subject to be made citizens shall be employed. Nor any but citizens, except as above provided, be employed on any government work let out to contractors, unless a permit is secured from the superintendent of public works, the county board of control, the mayor, or chief executive of any municipality for the employment of eligibles to citizenship. Any citizens may be employed and they must work but eight hours a day, when citizens can be obtained.

Other Bills Introduced

Senator Shingle, of the finance committee chairmanship, appropriately entered a bill to defray the expenses of the regular session of the senate. This was placed on the special order of the day for tomorrow. Desha fathered a measure to raise the salary of the auditor of the County of Hawaii from \$2000 to \$3000 a year. Senator Pacheco, considering the welfare of the poor man who has his property sold under foreclosure, introduced a bill providing for the redemption of such property within a reasonable period by the payment of the debt involved, plus interest and costs.

Huards of Insane Appeal

There came a petition from twenty guards and ten matrons of the asylum or the insane, appealing to the lawmakers to please raise their salaries, or that they were suffering on account of the high and gradually growing higher cost of living. Some of them, as the petition went on to state, already been forced to dispose of their little kukanas or land holdings in order to catch up with increased expenses. Also, they declared, their laborers were more difficult than of yore, here now being 350 men and women in the asylum, and some of them are at times so dangerous that the men, and even the women in their department, are forced to grapple with the crazy folk to protect themselves from injury.

"Message From the Mayor"

The rumor got abroad in the senate chamber that a "message from the mayor" had been received. However, when it was referred to by the clerk, it was given its technical title and placed on file as a "communication." Only one copy of Mayor Lane's recommendation to the legislature was received, and it was decided that it would be wise to wait before considering it.

WORK ON PIERS STILL HELD UP

Harbor Board Agrees To Pay Part of Claim Made By Contractor

At the regular meeting of the board of harbor commissioners held yesterday afternoon E. C. Peters, attorney for the Lord-Young Engineering Company, when asked when the company would resume work on the harbor piers, stated that just as soon as the harbor board told it to go ahead it would do so.

Monday afternoon the commissioners will visit the piers and look into the anchorage situation. Monday evening a special meeting will be held, at which time the anchorage question will be taken up.

At yesterday's meeting the Standard Oil Company made application for permission to put three pipe lines in on the wharf. The same application was made September 8 of last year and was turned down, the harbor board being in favor of owning its own pipe lines. The communication was laid on the table until the next special meeting, when Chairman Forbes will present all available information on the matter.

At the meeting the board settled a matter that has been hanging fire since last September. It was the unpaid bill of the Lord-Young company for the construction of the extra bulkhead wall on Pier 8. The bill amounted to \$28,745.13. According to an estimate of the actual cost of the work by Chairman Forbes, it cost to construct the wall \$27,640. Because of over eleven hundred dollars difference, the payment of the bill has been held up. After much discussion and argument at the meeting yesterday, the board came to the conclusion that it would reject the Lord-Young bill on the grounds that the harbor commissioners do not recognize its correctness, but at the same time they authorized the payment of the amount estimated by Forbes, without prejudice to Lord-Young's claim for the difference.

SIX COMPANIES PAY OUT DIVIDENDS OF \$136,000

Six companies listed on the local stock exchange paid dividends yesterday totaling \$136,000. Disbursements were by Alexander & Baldwin, one dollar a share, \$50,000; Hawaiian Agricultural Company, forty cents a share, \$40,000; Onomea Sugar Company, forty cents a share, \$40,000; Hawaiian Electric Company, one dollar a share, \$10,000; Pahang Rubber Company, ten cents a share, \$3000; Tanjong Olak Rubber Company, twenty cents a share, \$3000.

JORGENSEN TO MAKE A SURVEY OF MADERA MINE

Jorgen Jorgensen, who is in charge of development work at the mine of Montana Bingham Company, will make a survey of the property of Madera Gold Mining Company. It was announced yesterday. Jorgensen has been given leave from Montana Bingham to make a two weeks' survey of the Madera property and report on his investigation of the possibilities of the mine.

BAD BOYS TO KEEP AWAY FROM MAUI BALL PARK

J. Harvest has been made a special policeman and been given the custody of the Wailuku baseball park, at the instance of the board of supervisors. Says last Friday's Maui News, of Wailuku, various petty depredations by boys in the neighborhood were the occasion for the need of a caretaker for the property. Harvest is instructed to arrest the boys who have been causing the mischief, if necessary.

to see if the house was going to have copies of his suggestions for legislation printed. Tomorrow the mayor's voluminous note will be considered.

Hours of Session Set

Most of the senate's afternoon session was taken up by listening to the message of the Governor in the house, following which the senate, after returning to its own chamber, adjourned till tomorrow morning at 10 o'clock. By adoption of a resolution of Senator Baldwin the senate will meet daily at 12:20 p. m., except on Saturdays, when 10 o'clock in the morning will be the hour.

Standing Committees

With one or two changes from the list previously outlined, and additions where vacancies had been left, the senate standing committees were appointed as follows:

Ways and Means—R. W. Shingle, Oahu; H. A. Baldwin, Maui; Robert Hind, Hawaii; J. H. Cony, Kauai; E. W. Quinn, Oahu.

Judiciary—A. L. Castle, Oahu; W. Robinson, Maui; R. H. Makekau, Hawaii; G. P. Kamao, Hawaii; J. H. Cony, Kauai.

Fanny Durack Wants Clarence Lane May To Swim Here In September Meet Francisco In March

Fanny Durack, woman's champion swimmer of the world, has written to Will T. Rawlins from Australia that she wishes to compete in the September swimming meet in Honolulu. She is now in Australia, where she keeps adding to her aquatic laurels and, should arrangements be made she will come here in time for the September meet.

Unsmack's annual for 1917 credits Fanny Durack with eleven world women's records, all of which were made in Australia. The distance and time in each of these is as follows:

50-yard, 29 seconds, May, 1913.
100-yard, 1:06, March 16, 1912.
110-yard, 1:16 1-5, March 25, 1914.
150-yard, 1:54 1-5, March 20, 1915.
200-yard, 2:39 1-5, February 8, 1915.
220-yard, 2:53, February 14, 1916.
300-yard, 4:12, February 23, 1916.
440-yard, 6:03 3-5, March, 1913.
500-yard, 7:32 3-5, March 28, 1915.
880-yard, 12:52, February 24, 1914.

SECOND CITY KEEN FOR ITS GYMNASIUM

As soon as the new gymnasium hall is opened down on Front Street, at Wailuku, there should be a big rush of business men to join the cause, says last Friday's Hawaii Herald of Hilo. The thought of being able to get some real exercise in a gym, to be able to throw the medicine ball around, take a go at dumb-bells, swing the clubs and do a few other strenuous stunts, appeals to many people, and the consequence should be that the gymnasium should be a success from the start.

The basketball players and the indoor baseball fans will be able to enjoy themselves to the limit, and many interesting struggles are being looked forward to.

The only thing that can possibly block the scheme now is the failure of the government to come through with a lease of the land to the Hilo Basketball League. The building is assured and a fine supply of apparatus will also be soon in evidence after the hall is erected.

A swimming tank should be the next move for the directors to make. A concrete pool, with graduated depths ranging from one foot to twelve feet or so of water would be a boon, and many people who cannot get away every day in order to have a swim at the outdoor resorts would only be too pleased to be made members of the new league and take advantage of the swimming pool every afternoon.

MAY MAKE RADICAL CHANGES IN BASEBALL

NEW YORK, January 30.—President John K. Tenor of the National League said today that he will submit to the joint rules committee, which meets here next month, a recommendation to increase the width of the home plate from sixteen to eighteen inches and send a batsman to first base on three balls instead of four. Such a change in the rules, he declared, would bring about the desired increase in batting. He says:

"I believe simply sending a batsman to the first base on three balls instead of four would be too great a change, and would throw the balance too much in favor of the batsman. By widening the plate an inch, however, the pitcher would have a better opportunity of getting the ball over, but such a change would be about two-thirds in favor of the batsman."

"I believe increasing the width of the plate would have more of a psychological effect than an actual one. The pitcher, knowing the plate had been widened, would have more confidence in his ability to get the ball over, while the batsman, also conscious of the increased width of the plate, would feel he had to hit the ball instead of trying to wait for a base on ball."

JAPANESE TENNIS CHAMP COMING TO AMERICA AGAIN

Ichiya Kumagae, the Japanese tennis champion, is expected to compete in the 1917 American championship tournament, according to word received by the National Lawn Tennis Association in New York on February 3. Kumagae proved the sensation of the season in this country last summer, and was favored by some as the winner of the national singles title until put out of the tournament at Forest Hills by George M. Church, now playing in the Orient.

The Japanese expert, who is employed in a Tokio bank, hopes to get a leave of absence next summer, as he did a year ago, when his playing in this country earned him the honor of being ranked No. 5 in the list of American stars.

BIG ISLAND EDITOR TALKS ABOUT TENNIS

Young Eklund of Ewa showed good form in the big tennis tournament in Honolulu last week, but the mainlanders had the drop on him from the start, claims "Val" Stevenson in last Friday's Hawaii Herald of Hilo. The young Oahu player has plenty of time to develop his game and to climb to the heights of tennis later on in life. The old plays a fine game and he must have learned a lot during the recent tournament.

Johnston, the California player, is a dandy and his reappearance on the courts in Honolulu took people back in memory to the first time Johnston ever visited Hawaii. That was the time that he a'd Maurice McLaughlin passed through while on their way to contest the Davis Cup in Australia. Johnston became a favorite in Honolulu then, and he and the genial "Mac" played a number of sets against different Oahu pairs. One match at the Country Club is still remembered by those who saw it. The go was between McLaughlin and Johnston and A. L. Castle and Billy Roth. It was some talk to witness and the four players showed many brilliant strokes. The whirlwind "Mac" was at his best when serving, and the manner in which he slung the ball over the net with terrific pace and with a "screw" on it that made the sphere twist every old way, was a treat to the spectators. The Californians defeated the Honolulu pair by two straight sets, but, all the same, there was a fine struggle from start to finish.

MAUI BOYS AND GIRLS TO SWIM FOR TROPHIES

Two beautiful cups to be given as trophies for the swimming meets between the Alexander House Gymnasium and the Maui High School teams have just been received here and placed on exhibition in the window of the Wailuku Hardware & Grocery Company, says last Friday's Maui News of Wailuku. One of the cups is for the girls' team and has been given by the H. F. Wichmann Company, and the other for the boys, is the gift of Wall & Dougherty.

Under rules agreed upon the cups must be contested for twice each year, and must be held for three successive contests in order to be won permanently. The first meet of the series took place last October, the High School winning the boys' contest and the Gymnasium taking the honors in the girls' races. The next meeting will be held probably within the next month or six weeks. All the contests are held in the gymnasium tank.

VASCONCELLOS, DIRECTOR MAUI RACING ASSOCIATION

The vacancy on the directorate of the Maui Racing Association, says the Maui News, Wailuku, of last Friday, caused by the departure of W. Leslie West from Maui, has been filled by the appointment of John Vasconcellos, master mechanic of the Kahului Railroad Company.

MAINLAND TENNIS VISITORS BANQUETED

Officers and members of the Hawaiian Tennis Association gave the visiting mainland tennis players a farewell banquet at the Oahu Country Club, Nuanuu Valley, at six-thirty last night, the guests of honor being William H. Johnston, John Strachan, Clarence J. ("Peck") Griffin, George Myers Church and Harold Throckmorton. There were speeches of felicitation and other talks of a jovial nature, and the party had a huge, happy and enjoyable time. The visitors return in the Wilhelmnia this morning to the mainland. Their presence and playing here made the 1917 Hawaiian Carnival Tennis Tournament the greatest in the history of the Islands.
